

THE MOUNTAIN ADVOCATE.

Entered as Second-Class Matter Friday, February 19th, 1906 at the Post-Office at Barbourville, Knox County, Ky., under Act of Congress of March 3rd, 1879.

MOTTO—LIVE FOR OUR FRIENDS—DO THE GREATEST AMOUNT OF GOOD WE CAN TO THE LARGEST NUMBER OF PEOPLE.

Terms: \$1. Per Year in Advance.

BARBOURVILLE, KENTUCKY, FRIDAY, FEBRUARY 9, 1906.

Second Year. Vol. 2. No. 52.

FIRST ANNUAL

State Farmers Institute to be Held at Frankfort February 27 to March 1.

will be given in the interest of Kentucky's Development Along Agricultural Lines.

The first annual meeting of the State Farmers' Institute will be held in Frankfort, beginning on February 27 and continuing for three days.

The meeting will be under the auspices of the State Department of Agriculture, Labor and Statistics, and each county is expected to be represented.

The object of the State Farmers' Institute is to bring the farmers of the State into closer relation with each other and with the Department of Agriculture for their mutual benefit, to interchange ideas, to encourage legislation for the benefit of the farmers and to lift Kentucky to the fore-front of agricultural States.

The Institute to be the central body of farmers in the State, and is to be made a permanent institution. The local clubs or institutes are to become members of this body, and they will be expected to send delegates to the State Meetings to take part in the deliberations, and to present the needs of their respective counties. The State body will work in conjunction with the State Department of Agriculture and will serve to bring the farmers and Department into close contact with one another to the end that the farmers may be enabled to get direct and substantial benefits from it.

As soon as the delegates are assembled, it is the purpose to effect a permanent organization and elect officers as follows:

President.
First Vice-President.
Second Vice-President.

Secretary.

Treasurer.

Each county shall have one vote on the question of organization but after the organization is effected the Institute may determine for itself the manner of voting on all propositions coming before it.

While each county will have one vote in the matter of organization, it is urged that every county send as many delegates as will agree to come. It is very important to the agricultural interests of the State that this, the first State Institute, should be a signal success.

While the program has not yet been completed, some of the most eminent lecturers in the country have been invited to participate and it can confidently be said that it will be one of the most interesting programs ever carried out in this State. Among those invited to participate are, Cyril G. Hopkins of Illinois University, P. G. Holden, of Iowa, Joseph E. Wing, of Ohio, Gifford Pinchot, head of the National Department of Forestry, Prof. Jas. K. Patterson, of Kentucky State College, Prof. M. A. Seovell, Director of the State Experiment Station, Prof. H. Garman, State Entomologist, and other men of national reputation, including a prominent road expert.

Governor Beckham will be invited to deliver the address of welcome for the State and Mayor E. Hume will deliver the address of welcome for Frankfort. Programs will be sent out soon as completed.

A publication has been made for

reduced rates on all railroads in the State. Delegates are requested to take certificates from agents in order that they may get the advantage of reduced rates returning.

The Frankfort Business Men's Club will entertain the delegates at a banquet and other entertainment will be provided, including a visit to the New Capitol site. The Business Men's Club will establish a Bureau of Information which will look after the comfort of the delegates and guests and will provide badges for all delegates. The Legislature will still be in session and they will be invited to attend the Institute in a body. Every county should feel that the agricultural interests of the State are on trial and should seek to it that determined men are sent as delegates.

Respectfully,
HUBERT VREELAND,
Commissioner.

Our Road Bills.

Last Monday the writer was in Frankfort in the interest of some road legislation which if it should become a law will mean a saving of at least \$5,000 every year to the tax-payers of Knox county. Upon our arrival there we found both our Senator and Representative absent from the city, and we had to turn our attention to another source.

We soon succeeded in locating Hon. Mr. James G. Yaden from London, who showed every courtesy possible, and who is sparing no pains to see that the bill is passed, as it will also interest his county and district as well as ours.

There are two of these bills that we are especially interested in and they have already been introduced by our Representative, Hon. R. S. Ross, and he too will spare no pains to see that they are reported for passage.

We will publish the bills in full in this paper as soon as they are passed, and we believe that the public will approve of our efforts in attempting to secure for them the bills which will be a saving and relief to them in the way of taxes. We want to see a better system of county roads and the prospects are flattering to have them.

AN EFFORT

Being Made to Have Free Express Delivery Here.

We have felt from our first acquaintance with Barbourville, that we should have a free delivery within the city limits, and we have talked it to a number of our citizens, but most of them would say to us, "It won't pay, the company can't afford it."

We were slow to believe such a story when we knew in all the towns in Central Kentucky of this size they can have express delivered free to any part of the city.

Some time ago we took this matter up with our Railroad Commissioner, Hon. A. T. Siler, of Williamsburg, and he has very kindly consented to take the matter up with the company, and from present prospects it seems that we are likely to have within a short time all express delivered free.

A letter dated February 2nd, says:

Hon. D. W. Clark,
Barbourville, Ky.

DEAR SIR:—I desire to say that Mr. L. L. Ware, route agent of the Adams' Express Company, has to-day put a delivery wagon to running in Williamsburg for the purpose of delivering express in the city free of charge.

He stated to me in person that he would now go to your town and investigate the matter and in a few days he would make some arrangement for the city of Barbourville and also for the city of Pineville.

Upon investigation I find that the income of the express company in a town like Williamsburg, Pineville or Barbourville, is about \$500 per month. It costs the express company about 60 per cent of this amount to do the business, leaving \$200 per month profit in small towns like the above mentioned, and which profit is paid by our people. That being true, I see no reason why we should not demand and receive the benefits which justly belong to us.

With best wishes, I am

Yours truly,

A. T. SILER.

A WORTHY REPRESENTATIVE.

The Louisville Herald of last Tuesday contained the following notice concerning our Representative in the lower House of the General Assembly:

"One of Kentucky's best representatives in the General Assembly now in session is the Hon. Richard S. Rose of the Sixty-ninth Legislative district, comprising Knox and Whitley counties. These counties are fortunate in having such a legislator at Frankfort as Mr. Rose. Their interest in good law-making is profound. Knox and Whitley have incalculable natural resources. Their people are second to none in intelligence, patriotism and ambition.

They desire State policies inviting foreign capital and promoting domestic enterprise in every lawful, modern fashion. Mr. Rose is at Frankfort doing his duty faithfully, loyally, fearlessly and successfully for his fine constituency, and for the Commonwealth of Kentucky. Attentive to duty in the legislative chamber, Representative Rose is also assiduous in the sessions of the important committees, on Kentucky Statutes, Land Titles and Criminal Law, of which he is a member.

Representative Rose is an honor to Kentucky Republicanism, to the mountain people and to the entire State.

REV. DR. E. W. POWELL, pastor of the first Christian church in Louisville, two weeks ago, said to his large congregation that the best thing the Governor could do, to celebrate "Home Coming Week" at Louisville this summer, would be to pardon all those who have been charged with the murder of Goebel.

Dr. Powell renewed the suggestion last Sunday night. Among other things he said:

"I dare not minimize. I'd rather not affirm that justice should not be meted out to the guilty, but these men, some of whom have been in prison four or five years, and some of whom are wanderers on the face of the earth, are not known, beyond the shadow of a doubt, to be criminals. If guilty, depend upon it, that in their far country they have known the loneliness and the wretchedness and the shame and the self-loathing of the criminal. If not guilty, it has all been a huge miscarriage of justice. But would it not be a splendid thing, would it not mean the introduction of a new spirit into Kentucky, if the Governor of the State, on the occasion of this grand reunion of former Kentuckians, should proclaim a political amnesty.

The suggestion of two weeks ago proposing a Building and Loan Association for our town has caused some of our business men to begin to put their heads together and we would not be surprised to see such a thing established here at an early date. There are several persons here now who would be glad of a chance to build a home if there was a way provided whereby they could pay for same on the monthly installment plan, and a company of this kind would be just the thing to give this needed relief.

It would cause an active movement in real estate and cause our town to increase in population and give us more property which would increase the valuation of our town, this would enable us to have better improvements, and it would help all along the line.

One improvement calls for another and in a short time we would enjoy the luxuries of an up-to-date town. Let's get a move on ourselves.

and make Barbourville what she ought to be—the best town in South-eastern Kentucky.

It is encouraging to note that the interest in our graded school proposition is growing and our people are beginning to discuss it among themselves, and so far as we have been able to learn, there has not been a dissenting voice. There is not a thing in the way of accomplishing this if we will only take hold and make the start. Let's not delay the matter.

Down in the Falls City, "who struck Billy Fatterson?" is no longer agitating the populace. The burning question in Louisville now is: "Where did Aaron get the bonds?"

Every dog has his day, even in the Kentucky Legislature. It looks very much like Kentucky will have a dog tax law, unless the Governor saves the dog with the veto pen.

Miss Moore, the music teacher at the Institute, has been invited to sing in the Baptist church, both at the morning and evening services, in Middletown on next Sunday. She has won laurels for herself here by singing in the different churches, and we predict for her great success in other cities where she has been invited to sing. Whenever it is known that she is to sing in any particular church here, that church is sure to be crowded on that occasion.

tions, both state and national.

The voters who go out from moral, pure homes, will place moral and pure men in office, who will give us honest and pure railroad and tariff regulations. All we need is more moral and pure homes so as to supply us with a majority of the voters.

Our president takes this view of it, and it is that which has brought him so close to the honest thinking people of all parties. Let us repeat his words: "If the homes are all straight, the state will take care of itself." It is this thought that inspires us to give so much space to this particular department of our paper.

SPEAK kindly, move quietly, do duty cheerfully, look pleasantly, hear patiently, reprove tenderly, love constantly in your homes.

NOTICE.

To Whom it May Concern:

In going over the Librarian's record of the Teachers' Library of Knox county, we find a large number of books that are in the hands of teachers and others. These should be returned to the library at once. They have been charged to the teachers who have them in custody, and the price of same will be deducted from their February payment unless they are returned on or by that time.
